Spelling

Curriculum alignment for **Curriculum for Excellence** Primary 1 to Primary 7

Introduction

At 3P Learning, we are committed to providing students, teachers and schools with high-quality learning resources that align with the most up-to-date curricula.

Our team of educators has created a spelling course that aligns with the requirements of the *Curriculum for Excellence*, so you can be assured that your students have access to relevant and targeted content. This document outlines the curriculum alignment and acts as a useful guide when using **Readiwriter Spelling** in your school.

Word lists and activities are aligned to the relevant Literacy and English: experiences and outcomes; Tools for Writing. Additional recommended word lists are also provided and can be accessed in Readiwriter to support students.

Each spelling word list is available in three levels (core, entry, and exit) to assist teachers in providing differentiated content. In addition to the 11,000 words and hundreds of word lists, teachers also have access to grade-level courses that can be tailored to suit their specific class. Teachers can also **create or import their own word list, spelling courses, and edit individual word** lists when modifications and extensions are required. There are also ready-to-go complete sets of Dolch word lists to target spelling of high-frequency words and sight words.

Note: The order of the word lists in each course differs from the order presented in this document.
